2.6 Review Methods or Procedures for Recurrent Transactions

- (g) If a member of the Board or Audit and Risk Management Committee has an interest in the Recurrent Transaction(s), he shall abstain from any decision making by the Board and/or Audit and Risk Management Committee in respect of such transactions and continue to abstain from voting on the resolution approving the transactions.

The review of the policies, procedures and processes would be carried out by the Audit and Risk Management Committee on need be basis as per the Listing Requirements.

2.7 Statement by Audit and Risk Management Committee

The Audit and Risk Management Committee of T7 Global has seen and reviewed the terms of the Proposed Shareholders' Mandate and is satisfied that the review procedures for Recurrent Transaction(s) as set out in Section 2.6 above are sufficient to ensure that Recurrent Transaction(s) will be carried out on an arm's length basis and on normal commercial terms and on terms which are not more favourable to the Related Parties than those generally available to the public and not to the detriment of the minority shareholders of T7 Global.

The Audit and Risk Management Committee of T7 Global is also of the view that the Group has in place adequate procedures and processes to monitor, track and identify Recurrent Transaction(s) in a timely and orderly manner. The review of these procedures and processes is conducted on an annual basis or whenever the need arises.

All transactions entered into pursuant to the Proposed Shareholders' Mandate will be tabled to the Audit and Risk Management Committee and the Board for review on a quarterly basis.

2.8 Disclosure

The breakdown of the aggregate value of Recurrent Transaction(s) will be disclosed in the Annual Report for the financial year during which the Proposed Shareholders' Mandate is in force, providing amongst others, the following information:

- (a) the type of Recurrent Transaction(s) made; and
- (b) the names of the Related Parties involved in each type of the Recurrent Transaction(s) made and their relationships with T7 Global Group.

If the actual value of a Recurrent Transaction entered into by T7 Global Group exceeds the estimated value of the Recurrent Transaction disclosed in this Circular/Statement by 10% or more, immediate announcement to Bursa Malaysia Securities will be made.

3. RATIONALE AND BENEFITS OF THE PROPOSED SHAREHOLDERS' MANDATE

The Recurrent Transactions to be entered into by the Group are all in the ordinary course of business. They are recurring transactions of a revenue or trading nature which are likely to occur with some degree of frequency and arise at any time and from time to time.

The Related Parties which are involved in the Recurrent Transactions have proven their reliability. In some instances, the Related Parties provide the Group the support for its operational and business needs. The Related Parties allow the Group more flexible arrangement in a timely manner. This will reduce substantially administrative time, inconvenience and costs associated without compromising the quality and adversely affecting the Group.

These transactions may be constrained by the time-sensitive nature and confidentiality of such transactions, and it may be impractical to seek shareholders' approval on a case-by-case basis before entering into such Recurrent Transactions. As such, the Board is seeking the requisite shareholders' mandate pursuant to Paragraph 10.09 of Chapter 10 of the Listing Requirements to allow the Group to enter into such Recurrent Transactions. The Recurrent Transactions will be made at an arm's length basis and on normal commercial terms and which are in the Board's opinion, not prejudicial to the interests of the shareholders of the Company. Such Recurrent Transactions will also be on terms not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders.

By obtaining the shareholders' approval for the Recurrent Transactions, the necessity to convene separate general meetings from time to time to seek shareholders' approval as and when such Recurrent Transactions occur would not arise. This would substantially reduce administrative time, inconvenience and expenses associated with the convening of general meetings on an ad hoc basis, considerably improve administrative efficacy and allow manpower resources and time to be channeled towards attaining other corporate objectives.

In addition to the above benefits, strong collaboration and working relationship that exist between the Group and the Related Parties enable the Group to benefit from better services and attention that would otherwise be derived from third parties. These close relationships have allowed for better control of supplies, improved quality and timeliness of work completion / services rendered.

4. EFFECTS OF THE PROPOSED SHAREHOLDERS' MANDATE

The Proposed Shareholders' Mandate is administrative in nature and is therefore not expected to have any effect on the issued share capital and substantial shareholding of the Company, earnings and net assets per share as well as dividends of T7 Global Group.

5. APPROVAL REQUIRED

The Proposed Shareholders' Mandate is subject to the approval of the shareholders of T7 Global at the forthcoming 21st AGM.

6. VALIDITY PERIOD FOR THE PROPOSED SHAREHOLDERS' MANDATE

If approved at the AGM, the Proposed Shareholders' Mandate will take effect from the date of passing of the ordinary resolution relating thereto at the AGM and will continue to be in force until:-

- (i) the conclusion of the next general meeting of the Company following the general meeting at which the Proposed Shareholders' Mandate is obtained, at which time it shall lapse, unless by ordinary resolution passed at a general meeting, the authority is renewed, either unconditionally or subject to conditions; or
- (ii) the expiration of the period within which the next AGM of the Company is required to be held pursuant to Section 340(2) of the Act (but shall not extend to such extension as may be allowed pursuant to Section 340(4) of the Act); or
- (iii) revoked or varied by resolution passed by the shareholders of the Company in a general meeting,

whichever is the earlier.

The Directors will seek your approval for the Proposed Shareholders' Mandate at the 21st AGM of the Company and at each subsequent general meeting, subject to a satisfactory review by the Audit and Risk Management Committee of its continued application to Recurrent Transactions.

**SHARE BUY-BACK STATEMENT IN RELATION TO THE PROPOSED RENEWAL OF
AUTHORITY FOR SHARE BUY-BACK**

T7 GLOBAL BERHAD
[Registration No. 200401023809 (662315-U)]
(Incorporated in Malaysia)

STATEMENT TO SHAREHOLDERS IN RELATION TO THE PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK

1. INTRODUCTION

At the Twentieth Annual General Meeting (“**AGM**”) of the Company held on 27 June 2024, the Company had obtained its shareholders’ approval for the renewal of authority for the Company to purchase its own shares up to ten per centum (10%) of the total number of issued shares of the Company. In accordance with the Listing Requirements governing the purchase of its own shares by a listed company, the aforesaid approval from shareholders will lapse at the conclusion of the forthcoming 21st AGM, unless such authority is renewed by an ordinary resolution to be passed by the shareholders at the 21st AGM of the Company.

In connection thereto, the Company had on 26 March 2025 announced its intention to seek the shareholders’ approval for the Proposed Renewal of Authority for Share Buy-back at the forthcoming 21st AGM of the Company.

The purpose of this Statement is to provide you with the relevant information on the Proposed Renewal of Authority for Share Buy-back and to seek your approval for the ordinary resolution thereon which will be tabled as a Special Business at the forthcoming 21st AGM of the Company.

2. DETAILS OF THE PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK

As at the LPD, the total number of Shares issued by the Company is 920,258,437 Shares, which includes 17,348,800 treasury shares. As such, the maximum number of T7 Global Shares which may be purchased and/or held by the Company will not be more than 92,025,843 Shares based on the total number of issued Shares as at the LPD.

The Proposed Renewal of Authority for Share Buy-back is subject to the compliance with Section 127 of the Act, the Listing Requirements and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities at the time of the purchase, including the compliance with the public shareholding spread as required by the Listing Requirements.

The authority from shareholders for the Proposed Share Buy-Back, if renewed, will be effective immediately upon the passing of the ordinary resolution to be tabled at the forthcoming 21st AGM of the Company and will continue to be in force until:

- (i) the conclusion of the next AGM of the Company, at which time the authority shall lapse, unless by ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to conditions; or
- (ii) the expiration of the period within which the next AGM of the Company is required by law to be held; or
- (iii) revoked or varied by an ordinary resolution passed by the shareholders of the Company in a general meeting,

whichever occurs first.

The Proposed Renewal of Authority for Share Buy-Back does not impose an obligation on the Company to purchase its own Shares but rather, it will allow the Board to exercise the power of the Company to purchase its own Shares at any time within the abovementioned time period.

The actual number of Shares to be purchased, the total amount of funds involved for each purchase and the funding of the purchase will depend on the market conditions and sentiments of the stock market as well as the financial resources available to the Company.

Nevertheless, the Board will ensure that the Company satisfies the solvency test as stated under Section 112(2) of the Act before executing any buy-back of its own Shares.

2.1 Status and Treatment of Treasury Shares

Pursuant to the provisions of Section 127(7) of the Act, the Board may, at its discretion, deal with the Purchased Shares in the following manner:

- (i) cancel the Shares so purchased; or
- (ii) retain the Shares so purchased as treasury shares; or
- (iii) retain part of the Shares so purchased as treasury shares and cancel the remainder; or
- (iv) distribute the treasury shares as share dividends to shareholders; or
- (v) resell the treasury shares or any of the said Shares on Bursa Malaysia Securities in accordance with the Listing Requirements; or
- (vi) transfer the treasury shares, or any of the Shares for the purposes of or under an employees' share scheme established by the Company; or
- (vii) transfer the treasury shares, or any of the said Shares as purchase consideration.

Appropriate announcement(s) and notice(s) will be made to Bursa Malaysia Securities and the relevant authorities in respect of the Board's decision on the treatment of the Purchased Shares in compliance with the Listing Requirements and the Act. The Board may decide to cancel the Purchased Shares if the cancellation of the said shares is expected to enhance the EPS of the Group and thereby in the long term, have a positive impact on the market price of the Shares. If the Board decides to retain the Purchased Shares as treasury shares, it may distribute the treasury shares as share dividends to the Company's shareholders and/or resell the Purchased Shares in accordance with the Listing Requirements and utilise the proceeds for any feasible investment opportunity arising in future or as working capital.

While the Purchased Shares are held as treasury shares, the rights attached to them as to voting, dividends and participation in other distributions and otherwise are suspended, and the treasury shares shall not be taken into account in calculating the number or percentage of Shares of a class of shares in the Company for any purposes including the determination on substantial shareholders' shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on resolution at a meeting of the shareholders.

2.2 Source of Funds

Paragraph 12.10(1) of the Listing Requirements stipulates that the Proposed Share Buy-back must be made wholly out of the retained profits of the Company. Therefore, the Board proposes to allocate a maximum amount of funds not exceeding the retained profits of the Company for the Proposed Share Buy-back. Based on the latest audited financial statements of the Company for the financial year ended 31 December 2024, the accumulated losses of the Company is approximately RM2.03 million.

The Proposed Share Buy-back will be funded from internally generated funds and/or bank borrowings, the proportion of which will depend on the quantum of purchase consideration as well as the availability of internally generated funds and borrowings and repayment capabilities of the Company at the time of purchase.

In the event that the Proposed Share Buy-back is to be partly financed by bank borrowings, the Board will ensure that the Group has sufficient funds to repay the external borrowings and that the repayment will not adversely affect the operations and cash flows of the T7 Global Group.

The Board is mindful of the interest of the Company and its shareholders and will be prudent in respect of the Proposed Share Buy-back exercise.

2.3 Pricing

Pursuant to the provisions of the Listing Requirements, the Company may only purchase its own shares on Bursa Malaysia Securities at a price which is not more than fifteen per centum (15%) above the weighted average market price for T7 Global Shares for the five (5) market days immediately preceding the date of purchase.

In the case of resale of the Purchased Shares held as treasury shares, the Company may only resell the T7 Global Shares on Bursa Malaysia Securities at:

- (a) a price which is not less than the weighted average market price of the T7 Global Shares for the five (5) market days immediately before the resale; or
- (b) a discounted price of not more than five per centum (5%) to the weighted average market price of the T7 Global Shares for the five (5) market days immediately before the resale provided that:-
 - (aa) the resale takes place not earlier than thirty (30) days from the date of purchase; and
 - (bb) the resale price is not less than the cost of purchase of the T7 Global Shares being resold.

3. RATIONALE FOR THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-back will enable the T7 Global Group to utilise any of its surplus financial resources to purchase the T7 Global Shares. It also provides the opportunity for the Company to stabilise the supply and demand of the T7 Global Shares in the open market and thereby allowing the share price of T7 Global to better reflect the fundamental value of T7 Global Shares. If the purchased T7 Global Shares are subsequently cancelled, the long-term investors are expected to enjoy a corresponding increase in the value of their investments in the Company with the proportionate strengthening of the EPS of the Company.

The Purchased Shares can also be held as treasury shares and resold in accordance with the Listing Requirements on the market of Bursa Malaysia Securities at a higher price with the intention of realising a potential gain without affecting the total number of issued shares of T7 Global. In the event the treasury shares are distributed as share dividends to shareholders, this would serve as a reward to the shareholders of the Company.

4. EFFECTS OF THE PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK

The effects of the Proposed Renewal of Authority for Share Buy-Back on the share capital, net assets, working capital, earnings and EPS of the Company, assuming the purchase of own shares are up to the maximum ten per centum (10%) of the total number of issued shares of T7 Global, are set out below:-

4.1 Share Capital

The effect of the Proposed Renewal of Authority for Share Buy-Back on the total issued shares of the Company will depend on the Shares purchased are cancelled or retained as treasury shares.

In the event that all the Shares purchased are to be cancelled, the effect of the Proposed Renewal of Authority for Share Buy-Back on the total number of issued shares of the Company would be as follows:-

	No. of T7 Global Shares
Existing total number of issued shares as at LPD	920,258,437*
Less: No. of Shares to be cancelled pursuant to the Proposed Renewal of Authority for Share Buy-Back	(92,025,843)
Total number of issued shares after the Proposed Renewal of Authority for Share Buy-Back and cancellation	828,232,594

* Including 17,348,800 shares bought and retained as treasury shares

However, the Proposed Renewal of Authority for Share Buy-Back will have no effect on the total number of issued Shares if all the T7 Global Shares purchased are to be retained as treasury shares but the rights attaching to them as to voting, dividends and participation in other distributions and otherwise are suspended.

4.2 Net Assets

The effect of the Proposed Share Buy-back on the consolidated net assets of the T7 Global Group is depending on the number of Purchased Shares, the purchase prices of the Shares, the treatment of the Purchased Shares and the effective funding cost to T7 Global Group to finance such purchases or any loss in interest income.

When the Company purchases its own Shares, regardless of whether they are retained as treasury shares or are subsequently cancelled, the net assets per Share of T7 Global Group will decrease if the cost per Share purchased exceeds the net assets per Share of the Group at the time of purchase. Conversely, if the cost per Share purchased is below the net assets per Share of the Group at the time of purchase, the net asset per Share of the Group will increase.

In the case where the Purchased Shares are held as treasury shares and are subsequently resold on Bursa Malaysia Securities, the net assets per Share of the T7 Global Group will increase if the Company realises a gain from the resale, and vice versa.

If the treasury shares are distributed to the shareholders as share dividends, the net assets of the Group will decrease by the cost of the treasury shares.

4.3 Working Capital

The Proposed Share Buy-back will reduce the working capital and cash flow of the T7 Global Group, the quantum of which depending on, amongst others, the number of Shares purchased, the purchase price(s) of the Shares and the funding cost, if any.

However, the cash flow or working capital position of the Group will be restored if the Purchased Shares are resold at least at its purchase price.

4.4 Earnings and EPS

The effect of the Proposed Share Buy-back on the EPS of the Group will depend on the number of Shares purchased, the purchase price(s) of the Shares and the effective cost or loss in interest income and/or the opportunity cost in relation to other investment opportunities of the Group.

The Proposed Share Buy-back may increase the EPS of the T7 Global Group if the Company realises a gain from the resale. Similarly, if the Purchased Shares are treated as treasury shares and subsequently resold, the extent of the effect to the earnings of the T7 Global Group will depend on the actual selling price(s), the number of treasury shares resold and the effective gain or interest savings arising from the resale.

** Deemed interested by virtue of his spouse and sons' shareholding in the Company pursuant to Section 59(1)(c) of the Companies Act 2016.

5. PUBLIC SHAREHOLDING SPREAD

The Proposed Share Buy-back will be carried out in accordance with the prevailing laws at the time of the purchase including compliance with the 25% public shareholding spread as required under Paragraph 8.02(1) of the Listing Requirements.

Based on the Company's Record of Depositors as at LPD, the public shareholding spread of the Company was 67.45%. In implementing the Proposed Renewal of Authority for Share Buy-back, the Board is mindful of the compliance with public shareholding spread as required by the Listing Requirements and will use its best endeavours when purchasing its own Shares to such extent that it will not result in the Company being in breach of the minimum public shareholding spread of 25%.

6. POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK

Advantages

- (i) The Proposed Share Buy-back provides the opportunity for the Company to stabilise the supply and demand of T7 Global Shares in the open market, thereby reducing the volatility of Shares and allowing the price of T7 Global Shares to better reflect its fundamental value.
- (ii) The Proposed Share Buy-back is expected to enhance the EPS and the return on equity in the event of cancellation of the Shares bought back by the Company which will benefit its shareholders.
- (iii) The Purchased Shares can be held as treasury shares and resold in accordance with the Listing Requirements on the Bursa Malaysia Securities at a higher price with the intention of realising a potential gain without affecting the total number of issued shares of T7 Global.
- (iv) In the event the treasury shares are distributed as share dividends to shareholders, this would serve as a reward to the shareholders of the Company.

Disadvantages

- (i) The Proposed Share Buy-back, if implemented, would reduce the financial resources of the Group, which may result in the Group having to forgo other feasible investment opportunities that may emerge in the future or deprive the Group of the interest income that can be earned from deposits with licensed financial institution.
- (ii) The Proposed Share Buy-back would also reduce the amount of resources available for distribution in the form of dividends to shareholders in the future.

However, the financial resources of the Group may increase if the Purchased Shares held as treasury shares are resold in the market at prices higher than the purchase price.

Notwithstanding that, the Board will be mindful of the interests of the Company and its shareholders when undertaking the Proposed Share Buy-back and in the subsequent resale of treasury shares on Bursa Malaysia Securities. Hence, the Proposed Share Buy-back is not expected to have any potential material disadvantage to the Company and the shareholders.

7. IMPLICATION OF THE PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK IN RELATION TO THE RULES ON TAKE-OVERS

High Court of Kuala Lumpur Suit No. WA-22IP-40-09/2022 ("Suit 40") between Tanjung Offshore Services Sdn Bhd (Plaintiff), VME Process Systems Malaysia Sdn Bhd (Defendant)

Tanjung Offshore Services Sdn Bhd ("**TOS**") and VME Process Systems Malaysia Sdn Bhd and VME Process Asia Pacific Pte Ltd (collectively "**VME**") entered into several agreements in relation to the Bayan Redevelopment Project Gas Phase 2 ("**Project**"). Subsequently, a dispute arose between the parties, and had entered into a Joint Settlement Agreement ("**JSA**") and an Intellectual Property Agreement ("**IPPA**"), both dated 23 September 2020, under which VME agreed to exit the Project and TOS would pay VME a settlement sum of RM22,880,000. TOS fulfilled its obligations under the JSA and IPPA, however VME failed to fulfill its obligations under the JSA.

TOS had on 8 September 2021 commenced an action against VME for the following:-

- i. Declarations that the JSA and IPPA both **VME Process Asia Pacific Pte Ltd** dated 23 September 2020 are null and void.
- ii. VME to return the sum of RM22,880,000 to TOS, which was the agreed settlement sum paid by TOS to VME under the JSA. If the JSA is declared null and void, this sum should be returned to TOS.
- iii. VME made defamatory statements against TOS and thus, for an injunction to permanently restrain VME from making such defamatory statements and for the publication of a public apology by VME.
- iv. General damages to be assessed.
- v. Interests at a rate of 5% per annum on the amounts owed to TOS from the date of judgment until full realisation.
- vi. Costs.

In Suit 40 above, VME filed a counterclaim against TOS for the alleged contractual and common law breaches of VME's intellectual property ("**IP**"). In essence, VME counterclaimed that TOS

had used VME's IP in the Project. On 7 April 2023, VME filed an application to withdraw their counterclaim with liberty to file afresh. On 9 May 2023, the High Court allowed the withdrawal of VME's counterclaim with no liberty to file afresh. On 21 June 2024, the Court of Appeal dismissed VME's appeal against the High Court's decision above.

On 5 July 2024, the High Court granted all of TOS's claims above. The Court ordered VME to pay TOS costs of RM150,000. For the assessment of general damages, the High Court has agreed to vacate the assessment of damages hearing, and has directed as follows:-

- (i) The hearing date of 4.3.2025 is vacated
- (ii) A case management is fixed on **11.4.2025**
- (iii) All directions on the filing of submissions is put on hold, and further directions will be given at the case management above

On 23 July 2024, VME filed an appeal against the High Court's judgment made on 5 July 2024 above. The hearing for VME's appeal is fixed on 3 July 2025.

The Board is of the opinion that TOS has an even chance in the appeal.
